

Motoroil 15W40 is a high quality, universal motor oil of the latest generation. It can be used for all vehicles, as well gasoline as diesel engines, and is particularly designated for mixed fleets.

Performance

- ACEA: A3 / B4
- API: SL / CF
- MB: 229.1
- VW: 501.01 / 505.00

Features

Excellent resistance to oxidation and piston deposits.
High detergent mixture.
Strong ability to neutralize acids and high lubricity.

Applications

Universal engine oil for four stroke diesel engines operating at high speed, heavy-duty vehicles (less than 0.05 wt% sulfur), as well as construction equipment (less than 0.5 wt% sulfur). This oil is ideal for engines designed to meet emission standards of 1994. This oil can be used in all gasoline engines in order to comply with strict operating rules.

Characteristics	Unit	Average
Density at 15 °C	kg/l	0,883
Viscosity -20 °C	mPas	110,60
Viscosity 40 °C	mm ₂ /s	14,70
Viscosity 100 °C	mm ₂ /s	137
Viscosity index		230
Flash point COC	°C	-30
Pour point	°C	10,2
Total Base Number	mgKOH/g	1,29
Sulphated Ash	%	6600
