Industrial

Multi Plex EP 2

High quality special lithium complex greases suitable for high temperature operations and heavy load requirements. Operating Temperature: -30 ° C to +150 ° C.

Applications

This greases are suitable tor a wide range of general purpose applications demanding EP and high temperature properties. They can be used in heavy duty wheel bearings axles, ball joints, chains, cables etc.

? Resistance to water washout.
? Excellent adhesion to metal surfaces.
? Maximum equipment protection.
? Wide temperature range of efficient operation.
? High resistance to extreme operating conditions.

Characteristics	Unit	Average
Density at 15 °C	kg/l	
Viscosity -20 °C	mPas	
Viscosity 40 °C	mm¸/s	
Viscosity 100 °C	mm¸/s	
Viscosity index		
Flash point COC	°C	
Pour point	°C	
Total Base Number	mgKOH/g	
Sulphated Ash	%
